

Church Consulting, Discipleship Systems, Leader Development

I help churches and Christian organizations design clear, biblical, and practical discipleship and training systems that form mature disciples, develop leaders, and support sustainable ministry growth. My approach integrates curriculum design, teaching, facilitation, and coaching to turn vision into reality.

Who I Am

I'm a pastor, ministry practitioner, and consultant with 10+ years of experience in adult education, teaching, discipleship, curriculum development, facilitation, and coaching across local church, nonprofit, and global ministry contexts—in-person, online, and hybrid. My work emphasizes biblical integrity, clarity, and practical ministry application.
